Contribution

Your financial contribution enables rootAbility to support and connect the members of the GO movement in a way that's inclusive, considering the varying financial capacities of GOs and GO initiatives. You can choose which amount seems appropriate to you. The contributions are paid in advance and per year.³ The money is used to pay for rootAbility's working hours to organise the above mentioned channels. Get in touch, if you cannot contribute financially at the moment.

Characteristics

Tell us a bit more about your GO. We will use this information to determine, if we can add you as a “Green Office” or as a “Green Office Initiative” to our map⁴. Additionally, this is a great way for us to better understand the movement and how the model is being adapted to the local university context.
